GARDENING IN NOVEMBER

It is time to fertilise the lawn. Use a good lawn fertiliser and if we don't have a lot of rain, then we need to put plenty of water on them so the fertiliser does not burn the lawn.

Roses should be sprayed with Malathon or Rogor if aphids appear and you can also spray with Zineb or Benlate for Black Spot. If you go to your nursery, they may stock a general rose spray which will treat most things with one chemical. Also, feed your roses with a complete fertiliser.

Plant salad vegetables such as lettuce, squash and cucumber now for a Christmas harvest.

It is also time to watch for fruit fly as well, they are active on developing fruit and tomatoes. Telltale signs are small pockmarks on the fruit. Tomatoes have a small pinprick and the surrounding area stays green. Apply a splash bait made from 7ml of maldison and 50g of sugar, dissolved in 1 litre of water. Splash mixture onto leaves and trunks. Fenthion (Lebayid) and dimethoate (Rogar) will control fruit flies but must be used strictly as directed.

Feed Citrus and other fruit trees with blood and bone or all purpose plant food. Apply as far as the dripline or the extent of branch spread. Soak the area well.

It is also time to propagate English May

Handy Hints

Clean moss and algae from paths which were in the shade during winter to make your garden safer. The simplest way is to apply neat vinegar or a mix of equal parts water and strong disinfectant. Scrub firmly with a stiff brush, leave for an hour or so and hose off residue with a strong jet from the hose. If the problem persists, repeat the process in one week. This method does not affect the plants and environment the way chemicals do.

The next meeting will be Thursday 12th November, 1998 at 10 am in the CWA rooms.

If you would like to join us at our next meeting, or just pop in for a cuppa and some good company, you are more than welcome.

Our AGM was held last meeting day. All positions were vacated. The AGM was chaired by Allison O'Brien of Collector CWA. All officers were re-elected to their positions.

It was very sad and upsetting to hear of the passing of Mercy Larkin, a very dear and loved member of CWA for over 70 years. Mercy passed away in Goulburn, although she lived most of her life at Windellama. Mercy's funeral was held at Windellama just 7 weeks ago.

Sorry that my acknowledgement to our dear member is late, although members attended the funeral, I neglected to put in my news letter and I thank Bungonia Time for putting it in for me, telling you all about our next meeting and letting you know you are welcome. Thank you. Please all come and join us for a cuppa.

POET'S PATCH

A Farmers Rhyme

I'll tell you a tale of a man I know
You'll see him out in the rain, hail or snow;
He'll work through the day never wasting a minute
He's a capable worker and his skill has no limit.

Though his mind is weak, his heart stands strong,
He'll work so hard and ever so long.
He'll keep pushing on when things don't go well,
And he'll fight long and hard when the going is hell.

You'll see him come through and right all the wrongs
And that's why you know he's where he belongs,
But when the time comes and he's no longer able
To work at his love and keep things all stable,
He'll retire and pass his life's work to his son
And he will repeat what his Father has done.

And then he too will live for each day
When the hopes and the fears all come his way
And now you may ask, who on earth can this be!
Well, he's the Aussie Farmer, he's you and he's me.
