Bungonia C.W.A. News October, 2003.

The members who travelled to Narooma recently had a most enjoyable day out. We did not participate in the cultural side of it but we did have 2 handcraft items entered which helped our Group win. Anyone who thinks C.W.A. is nothing but tea and scones please try to go to one of these days when they are on and you will soon find out that a lot of ladies are enjoying life.

Kath was the competition winner last meeting.

Our next meeting will be the A.G.M. which will be held on Thursday 9th October at 10am at our Meeting Rooms. Guest for the day will be Mrs. Luton our Group President.

Birthday wishes go to Ruth Travers.

Till next time: Colleen

Weather - Temperature & Rainfall

From: 20/08/03 to 20/09/03

Temperature: Average Minimum: 2.5*
 Maximum: 15.6*

Average Rainfall: 1.3mm

Thank You

Andy and I would like to thank all the Bungonia community, friends and family for the wonderful afternoon tea held at the hall to wish us well on our retirement from the mail run. We would also like to thank all who telephoned sent gifts and cards. Hope to see you from time to time, We miss you. Also a great big thanks to Sue, Cherie and Amy.

Best wishes
Andy and Eileen Smith

Bungonia Park Trust

President Diana Moran ;48444234 **Secretary** Anne Williams; 48444228

Treasurer Paul Bayliss; 48444359

The trustees held a Meeting/Working Bee Sat 6 September to continue with removal of more of the willow debris in the creek bed ,mulching up more of the branches .It was well attended. (including Margot and muscles she didn't know she had!)Thanks to all who came.

Friday 19 September was a special working bee ;

Present were:-

- Windellema School children (26) and two teachers.
- 2x Greencorps personel and their supervisor.
- Greening Australia Representative
- Diana Moran, Frank and Moira McGinity

They planted low growing herb species along the riparian zone of the creek , watered and mulched them ready for the summer.

Everyone enjoyed a BBQ in the hall afterwards as it was so windy and cold.

Thanks to every one who participated.

There has been some people interested to apply as Park Trustees . Please contact Moira McGinity or Land and Water Noel Perrin for the forms .

There is a limit of 7 Trustees at any one time however everyone is welcome to come to meetings and working bees and be part of it all.

DO NOT push 90# on your home phone

This has been confirmed by Telstra:

DO NOT push 90# on your home phone. Got a call last night from an individual identifying himself as an AT&T Service technician who was conducting a test on our telephone lines. He stated that to complete the test I should touch nine (9), zero (0), hash (#) and then hang up. Luckily, I was suspicious and refused. Upon contacting the telephone company, I was informed that by pushing 90#, you give the requesting individual full access to your telephone line, which allows them to place long distance telephone calls billed to your home phone number.

I was further informed that this scam has been originating from many of the local jails/prisons. DO NOT press 90# for ANYONE. PLEASE pass this on to your friends. If you have mailing lists and/or newsletters from organisations you are connected with, I encourage you to pass this on.

Further inquiries should be directed to:

Online Community Information Database

Information Database for the Region, is up and running. We have had a great response from the Community but are always happy to receive more information.
The Southern Tablelands Regional Library (STRL) Online Community Information Database.

To access the Database go to the Library's Website at www.strl.nsw.gov.au. Go to Community Information hyperlink on left side of page. At the Top of page is the hyperlink **Click here for Community Information Database.**

You can search by organisation name, subject or keyword. If in doubt, use the keyword searching option.

Training sessions on searching techniques will be offered at the library branches in the near future. Check with your local library for times and dates or contact Karen Johnson on Ph: 02 4823 4541 or email: karen.johnson@goulburn.nsw.gov.au to register your interest.

JACQUA CREEK LANDCARE GROUP

The August meeting of the Landcare Group was held at Ken & Diana Moran's where the group looked at Ken & Diana's current project which covers a three kilometer section of Jacqua creek. Options are being considered as creek bed "controls", possibly rock or timber, to stabilize erosion. Fish passage is an important consideration and Fisheries and Wildlife will help with this. When a section of creek is fenced from stock, alternative low cost watering systems must be installed and rehabilitation of creek banks carried out by replanting trees. Ken & Diana favour planting pioneering species as part of this project.

The group has received a grant for further riparian works along the creek. This will enable two properties with a combined 4 kilometers of creek frontage to be fenced against stock. This allows the creek banks to revert to a natural state allowing native species to regenerate. The project also includes providing alternate stock watering areas by installing dams.

The Jacqua Creek Landcare Group is only small. However, it welcomes new members to join its friendly group. The next meeting, and A.G.M., is planned for Saturday 25 October. Why not ring and find out more about the group.

DIARY entries

Next Meeting—Saturday 8th November ——— 1pm at Village Hall Bungonia;

- An invitation was received from Progress for B&DHS to attend an information night
- Margaret Burkitt drew our attention to a Newspaper article regarding Rotary support for heritage signage—we will be following this up.
- New member, Coraline Engert, has represented us at the Goulburn Regional History Library presentation by Gail Davis Senior Archivist from State Records NSW: "Minding our Local Resources: making the best use of the Archives Resources Kit". She will tell us about it at the next meeting.
- Regional internships are available to those interested in working with the Power house Museum. Members of the B&DHS are putting in a group application to attend next year if we are accepted. If you would like to be part of this group please let someone on the committee know—come to a meeting—hear the latest!!
- Heritage Grants are now available from your local Council. Contact your local council for details.
- Goulburn and District Family History Society has bought 10 new lists/indices and records for genealogical and historical research. Visit the Goulburn Regional Library. 48234435 Lynn Bonomini Regional History Coordinator.
- Contact the Land and Property officer Genaeological information-(02)9228 6629
- **OCTOBER 4 Saturday Market Day ; visit our display table-share info!!!**

Keep in mind –

Have you old District photos we can copy(scan?)&return to you ;?

We would like to develop good local history records to be kept in the local area.

With regret the Society accepted the resignation of our newly re-elected Secretary Lyn Stockford who ably assisted us during the first year of our activities. Lyn is heavily involved with the Windellema Garden Club, but will remain a valuable member of Bungonia & District Historical Society

For all your hard work—Thank you Lyn

in the Southern
Tablelands*

at Windellama Hall

Gates open 9 am

**Entrance is \$5 for adults, \$2 for those from 6 to 16 and
preschoolers are free.**

There is plenty of free parking.

GARDENING IN OCTOBER

October is a very busy time garden wise! The worst of the frosts are over and spring flowering trees and shrubs are showing mass displays of blooms. One small tree which is most attractive is the Golden Chain Tree (*Laburnum Vosii*) and it takes 4 or 5 years to reach a height of 3m.

In October some of the climbers come into flower too. The *Clematis montana rubens* makes a magnificent display, requiring only very light mesh to climb over, just make sure the roots are well mulched during the summer as they grow close to the surface.

Vegetable Seeds to sow are: carrots, parsnips, beetroot, peas, cabbage, silver beet, radish, cucumber, zucchini, melons, pumpkins, squash, parsley, capsicums sweet corn, beans, celery and tomatoes.

Tomatoes grow best in a sunny position containing plenty of compost. When planting out new seedlings, apply a dressing of complete fertiliser, high in phosphorous during the main growing season. Fertilise every 2 weeks with a water soluble fertiliser on cool, overcast days or late in the evening. Fertilising during the day can result in the plants being burnt.

Most varieties require staking and in our climate, the strongest prevailing winds come from the west to the north. Drive the stake into the ground first, then plant the tomato on the eastern side of the stake, the reason for this is to that the plant is blown against the stake. If planted on the opposite side the plant can break off at the ties.

Remember, to increase the quantity and quality of the tomatoes, pruning can be beneficial. Remove the laterals which grow from the leaf base.

Flowers: there are also lots of flowers that can be planted now, some can be used as borders to make any garden look stunning or they can be used in groups to act as pots of colour throughout the garden.

By using different leaf textures and leaf colours you can produce a magnificent display in your own garden. Browse your local nursery and colour your garden.

Bulbs: when spring flowering bulbs such as hyacinths, daffodils, jonquils, ranunculus and anomone finish flowering, this is the month to feed them with a complete fertilise, this assists the bulbs for next years flowers.

Remember, leave the bulbs leaves to die down naturally. This also feeds the plant for next year. Bulbs can also be dug up and kept in cloth sacks in a cool dark place until next winter or they can be left in the ground to flower next year.

BIRTHDAYS IN OCTOBER

October

4 th	Latham Brook	21 st	Beth Walters
5 th	Sherri Bayliss	26 th	Peter Davey
6 th	Graham Walters	27 th	Cassie Jenkins
13 th	Karl Zymslowski	31 st	Alexandra Knight
